

# THE PRESIDENTIAL DEBATE 2017

To whom it may concern,

**Re: Recommendation letter for Paramount catering services**

We wish to confirm that paramount catering services were hired by Debates Media Limited (DML) to offer catering services for the production crew during the 2017 Presidential Debate held at Catholic University of Eastern Africa on the 17<sup>th</sup> and 24<sup>th</sup> July 2017. This is in addition to offering the same services to the production crew prior to the event.

The management and staff at paramount exhibited a high degree of professionalism and flexibility throughout the engagement. They observed high standards of hygiene and were always willing to incorporate feedback to improve their services.

We were highly satisfied with their services during this important national engagement and would not hesitate to recommend them to other organisations.
